

Prislista AV-Rack 2017

S2-Serien

The most versatile, fastest assembled, welded-frame knock-down rack in the industry. Mix and match to create a full size rack, attach to the wall, or place in furniture--the options are endless. S2 racks are incredibly sturdy and offer the strong support you need for equipment. The solution assembles in less than 5 minutes and ships flat for an ultra-easy install.

Bygg ditt rack med Chief's Rackbuilder

The screenshot displays the Chief's Rackbuilder web application. The top navigation bar includes the logo, a 'Configure' button, and links for 'NEW', 'LOAD', and 'SAVE'. A user profile section shows 'Welcome Joacim Eriksson' and 'My Order 0 Items'. The main interface is divided into two panels. The left panel, titled 'Components', lists 'Available Components' with a search filter set to 'MARANTZ (121)'. It shows details for 'MARANTZ SR5007' (RU Height: 4U, Depth: 13.2 inches, Rack Mountable: Yes) and 'User Defined Components' with a search filter set to 'Component Name...'. The right panel shows a rack diagram for model 'NE1F2023' with a vertical scale from 100 to 200. The rack is configured with the following components from top to bottom: 'AMX AVS-MD-1236-110', 'MARANTZ SR5007' (highlighted in green), 'Trinnov Alt 32', 'Oppo 4k', and 'AMX AVB-DA-RGBHV-0106'. A right sidebar contains icons for various rack features like 'TOP 1', 'TOP 2', 'FRONT DOOR', 'REAR DOOR', 'RIGHT POWER', 'LEFT POWER', 'LEVELERS', 'CASTERS', 'BOTTOM', and 'DRIP PLUGS'.
